

F&M Bank, Los Altos Branch Long Beach, California

Client: Farmers & Merchants Bank
Architect: Fernald Design Group
Budget: 3.3 million
Size: 10,649 SF

The Los Altos branch is one in a series of local offices constructed for F&M Bank and is a showcase of innovative design. The building exterior marries a combination of Alucobond aluminum paneling, sandstone imported from India, limestone block and a curtainwall glass system that leads seamlessly into the vaulted, two story interior. The fully sprinkled building also features moment frames with exposed structural bracing, stone flooring and an elevator which leads to the 3,236 SF second floor.
