

Gulfstream Paint Facility Long Beach, California

Client: Gulfstream Corporation
Architect: Howard Parsell Company
Budget: 3.3 million
Size: 58,200 SF

Located adjacent to the Long Beach Airport, this facility was designed and built as a state of the art paint center for new and refurbished Gulfstream Aircraft. Utilizing a pre-engineered Butler Metal building for the envelope, the building is outfitted with the best available technology for air exhaust and air scrubbing during paint operations.
