

# **BREMCO** CONSTRUCTION INC.

---

## **State Pipe & Supply** Rialto, California

Client: SeAh Steel America  
Architect: RKZ, Inc.  
Budget: 1.7 million  
Size: 23,000 SF

Built by Bremco's in-house concrete crew, this building features walls 10" thick and 36' high with additionally reinforced 12" thick walls at the North exposure to account for high wind loads. With 912 SF of office area at ground level, a second story mezzanine of the same size looks out onto the warehouse space housing (2) 10-ton cranes that run side-by-side for the entire length of the building.
